

LSEF supports 2020 students

Congratulations to the 2020 recipients of Lakeview Schools Educational Foundation scholarships (LSEF)! As 2020 graduating seniors and continuing education students try to plan for their educational goals next school year LSEF has provided 26 scholarships totaling \$35,750 to help them reach their goals. Financial assistance is more important than ever as the economic devastation of Covid-19 continues to make it difficult for students to plan. We are grateful to the donors who originally established the following scholarships, and to all who have continued to contribute funds increasing the amount available for scholarships.

The following scholarships were awarded to Lakeview students:

Andert Family Scholarship
